

OIS Fees

The fees associated with using the OIS Clinic are applied to the WCB claim that is established as a result of any work-related injury.

OIS Clinic First Visit Fees*:

Fee for Service, Inclusive of Early Intervention Report & Work Readiness Report	\$274.31
Status Report	\$24.93
Progressive Injury Report	\$24.93

The services delivered and covered by these fees include:

- Orientation from an OIS clinic and assistance with setting up the OIS process in your organization.
- A worksite visit from an OIS clinic to obtain knowledge of your worksite and gather modified work information.
- Experienced workplace physicians with an occupational medicine background and WCB training.
- Same day access to a physician (on average within 30 minutes).
- Same day completion and submission of WCB reports.
- Completion of additional disability management reports.
- Worker and employer injury management education.
- Family physician contact to discuss treatment plan.
- Identification and coordination of required medical and rehabilitation interventions.
- Timely access to diagnostics.
- Case conference to discuss return-to-work issues.
- Development of safe and effective return-to-work plan.
- Availability for follow-up questions/advice.

*OIS fees are subject to change
