Reporting an injury

By law, employers are required to report injuries that their workers suffer while on the job. If your worker has been injured, you have **72 hours** after becoming aware of an injury or illness to submit the Employer Report of Injury form. The sooner we receive your information, the faster we can determine entitlement to benefits and services for your worker.

You need to submit a report to WCB if the accident results in, or is likely to result in:

- **lost time or the need to temporarily or permanently modify work** beyond the date of accident.
- **death or permanent disability** (amputation, hearing loss, etc.).
- **a disabling or potentially disabling condition** caused by occupational exposure or activity (such as a mental health concern, poisoning, infection, respiratory disease, dermatitis, etc.).
- **the need for medical or mental health treatment beyond first aid** (assessment by physician, psychologist, physiotherapist, chiropractor, etc.).
- **incurring medical aid expenses** (dental treatment, eyeglass repair or replacement, prescription medications, etc.).

   If No:
   Report the average number of regular hours worked per week during the year prior to the injury. Do NOT complete the work schedule.

   Mark the number of regular hours worked per day in each of the boxes. Put zero for days off. Explain any codes you use in the boxes (for example, N=night, W=weekends, D=days, E=evenings). We need to know at what point in this work schedule your worker was injured to determine the compensation to pay. Circle the day in the work schedule your worker was injured.

   OR: If the work schedule is longer than 21 calendar days, attach a copy of the schedule. Circle the day on this work schedule that your worker was injured.
